

I Do (The Wedding Song)

Sammie Okposo

Sometimes I wonder what was in God's mind
To have created someone so wonderful as you
But now I look at you, I realize, that God
He must have been thinking about me
You're a mystery to my mind
You're a perfection of the potter's hands
You're so real, to you none can compare
I do love you and i'll prove it to you
Cus i'll be living me and you
Love is life, a gift from God above
Now you are mine, a witness main for
all
Girl you are worth more than all to
me
Happiness is all I see, with you by my
side, and God in our lives
We can't go wrong, it's love forever
more
To have and to hold, till we both grow old
Our union will be stronger than a stamp and a letter
Even in the cold, i will be very bold
To let the whole world know, our love won't fade "oh no"
You're a mystery... "you're a mystery"
To my mind... "to my mind"
You're a perfection of the potter's hands
You're so real, to you none can compare
I do love you and i'll prove it to you
I'll be living me and you
Love is life, a gift from God above
Now you are mine, a witness main for
all
Girl you are worth more, than all to
me
Happiness is all I see, with you by my
side, and God in our lives
We can't go wrong, it's love forever
more
Here and now, I make this vow
To love you and only you

What we have found, i wish for everyone
To find that someone special
To share their lives in love a way that...
 Forever more
 Love is life, a gift from God above
 Now you are mine, a witness main for
 all
 Girl you are worth more than all to me
 Happiness is all I see, with you by my
 side, and God in our lives
 We can't go wrong, it's love forever
 more
 I do love, I make this promise to you
 Here and now, I make this pledge to you
 I'll love you forever more
 "It's love forever more"
 Always together forever
 Always together forever
 Ooouuuuhh... Love forever..
 I do love you, I do...
