Distorted Love

Enigma

I need you, I love your body
I need you, I need you
I love your body
You need love, I love your body
You need love, you need love
You need love, you need love
I love your body
Touch me, I'll be your daddy
Smell me, I'll be your mommy
Touch me, feel me, smell me, oh
You need love
Feel me, I'll be your daddy
You need love
Touch me, I'll be your mommy
You need love
Feel me
You need love
Feel me
You need love
Touch me, smell me
I love your body
I need you, I need you
Need me, touch you, oh
You need love
You need love
Feel me, touch me
You need love
Feel me, move me
I need you
I love your body
You need love
You need love
I'll be your papi
You need love
Smell me
You need love
Touch me
You need love
I'll be your mommy

Papi, brother
