You Are Not The End

Pillar

Another time and a place, another slap in the face
And I don't know what it takes to be loved by you
Another shot in the dark and I was fallin' apart
But I won't let my heart be broken by you, I feel for you
You could try to break me down and then like a phoenix I will rise again
I always do, I always do
I won't let you win, you are not the end of me
I won't let you win, I won't let you bring me to my knees
Another simple mistake is causing hearts to break
Is stirring up the wake that was left by you
And I don't think I can wait, I'm setting the pace
I'm gonna finish the race 'cause I start too, I always do

You try to take the rest of me but you'll never get the best of me
I won't let go, I won't let go
I won't let you win, you are not the end of me
I won't let you win, I won't let you bring me to my knees
Until that final day I won't walk away
You're not the end of me, why get the best of me?
You are not the end
I won't let you win, you are not the end of me
I won't let you win, I won't let you bring me to my knees
