

Getting High on the Down Low

[NOFX](#)

I'm on the wagon now but she doesn't know
I'm getting high on the down low
Cause when I got the music I got no place to go
Unless I got a bottle in me I'm in the Cadillac, they're starting to stare
Who's the guy with the blood in his hair
The last thing I remember I was going somewhere
And then the stop sign got in the way [cough] I'm laying low in a hospital bed
I gotta a dent and a crack in the head
That's okay cause I got no idea what I just said
Gotta love the hospital meds
