Swerve

Tony Richard

Have you ever had the feelin'
All eyes on you chillin'
Waiting for the fall (swerve)

It was years no calls
It was years involved
From the dirt we crawl (swerve)

On a bike in the city so you rip right couldn't even get a ride (swerve)
Caught a flat walked to work
That's about six miles
No air for the tires (swerve)

No cares for the boy
No shares for the boy
Had to ???? (swerve)
When I had 10 pounds, everybody was around
Even ?? wanna lurk (swerve)

They don't wanna see you win (ha, nah)
They don't wanna see you win (swerve)
They don't wanna see you win (ha, nah)
They just wanna see it end (swerve)

Oh Lord, got the whole city wit' me
I'm a new ?? All the haters get wit' me
Oh Lord got a five for the fifty ???
Now they plottin' against me

??? Where we from, yea we not on the map but we
out in the slums (swerve)
Few heads in the hood pull a strap
What's good lil' zelly

Got a chicken in the back yard
In the backyard selling that crack hard
Wack boy lil' homie got wacked boy

15 and he was robbing for them stacks boy (swerve)
Screaming in the streets,"Come get it!".

Tool in his hand like he workin' for the city

From the same Klan
But the skin say different
Goon walked up and they blew in the ??
Just served them a dophine
Got raped as a youth so we coping

10 blunts in a day just hoping
That the Lord hear his prayers
Just joking (swerve)

They don't wanna see you win (ha, nah)
They don't wanna see you win (swerve)
They don't wanna see you win (ha, nah)
They just wanna see it end (swerve)

Oh Lord why we thuggin' so hard
So much hate up in the hood
Everybody on the?? (swerve)

White cops killin' blacks
He was puffin' on the black
So he throw the black card (swerve)

Why we hate on one another?
Why we breakin' one another?
Why we take from one another huh? (swerve)

It's time to rebuild one another
Just heal on another
No steal lil' brother (swerve)

They don't wanna see you shine
They don't wanna you smile
?? For they frowns (swerve)

I knew this as a child
Momma said come child
People won't be around (swerve)

They don't wanna see you win (ha, nah)
They don't wanna see you win (swerve)
They don't wanna see you win (ha, nah)

They just wanna see it end (swerve)

Oh Lord, please forgive em' for they sins
Oh Lord, pleas forgive em' for they sins
The ?? within
Lord they got the devil workin' with them

???? (My prayer Amen)Ã—4

Look, 10...20 dead 30...40 dead (hol' up)
50...60 dead (hol' up)
