Neuroticfish

I do feel now
From the point where all is broken
It relieves me somehow
I do feel now
That the gift that you are living
Has always kept me downSee my day as I go
See all that you have wanted to know
Even if I despair though you can see
That all your preparations may not work on meSee my day as I go
See all that you have wanted to know
You cannot accept that I believe
In nothing more than myself completelyDo we really mean to be
Part of your devastating property
And if I don't progress
Will you find me
I don't want to live my life eternally
