Dispatch

Wounded, you can take me there
I was wounded, you can take me there
'Cause there was a crime that I was left
But will you go on without me?
Think I'll just walk myself to sleep'Cause I ain't workin' for your father
But I might as well be
I ain't lookin' for confusion
But it tends to follow me
"You can come into my house", she said
If you do it quietly
But I said, "There ain't no chance at that"'Cause I am listenin' to what you got
Put up your hands if you want me to stop
And I turn around, but I think you're crazy
If you think this happens a lot
Oh, do you like this?
Do you need someone to cover you
Just to show you what you missed?Wounded, and I will go if you go first
But I, ain't gonna wait around
Tell me how much is your dime worth?
We got, ten minutes to get there
We got, ten minutes to go
Throw this one in for the money
'Cause the next one's for the next showI ain't workin' for your father
But I might as well be
I ain't lookin' for confusion
But it tends to follow me
"Oh you can come into my house", she said
If you do it quietly
But I said, "There ain't no chance at that"'Cause I am listenin' to what you got
Put up your hands if you want me to stop
Well I turn around, but I think you're crazy
If you think this happens a lot
Oh, do you like this?
Do you need someone to cover you
Just to show you what you missed?So hey, where you goin'?
Do you need somebody, somewhere
To help you get on by?
'Cause I think, you know who I am
And I'm gonna make this, as fast as I can

Some people call me the pusher man
I promise it won't take long no no no no
Just close your eyes and get in the vanI am listenin' to what you got
Put up your hands if you want me to stop
And I turn around, but I think you're crazy
If you think this happens a lot
Oh, do you like this?
Do you need someone to cover you
Just to show you want you missed?'Cause I am listenin' to what you got
Put up your hands if you want me to stop
And I turn around, but I think you're crazy
If you think this happens a lot
Oh, do you like this?
Do you need someone to cover you
Just to show you want you missed?
I'm a come around yeah
