

Days Go By

Lifehouse

So don't sit back and watch the days go by
Are you ever gonna live before you die And when things fall apart
The world has come undone
Leave it all behind
Leave the loneliness alone
You wait forever blind So come on and leave the years
When you watched the days go by
Come on and leave the fears
That you were afraid to find
'Cause while you wait inside, the days go by So all the memories fade and the days go by
Forget the lonely yesterdays in mind I know it's never gonna
Be the way you like
I know you don't wanna think
About the endlessness you find
You wait forever blind So come on and leave the years
When you watched the days go by
Come on and leave the fears
That you were afraid to find
You're waiting for your time All these days gone wrong
Who broke your fall, what a way to learn So come on and leave the years
When you watched the days go by
Come on and leave the fears
That you were afraid to find
'Cause while you wait inside, the days go by
