

Light Will Shine

Hillsong United

Salvation rise
As we sing of Your freedom
We leave the past behind
As we look to Your kingdom You bridge the great divide
Between our hearts and Your glory
Our shame dissolved
In the depths of Your mercy We are devoted
We are devoted to You Your light will shine in the darkness
Your light will shine in the dark, in the dark
Woah, we are Yours We fill the open skies
With the sound of Your praises
Our future lies
In the hope of our Savior We are devoted
We are devoted to You Your light will shine in the darkness
Your light will shine in the dark, in the dark
Woah, we are Yours
Your light will shine in the darkness
Your light will shine in the dark, in the dark
Woah, we are Yours It's Your love, Your love
It's Your love, Your love Your light will shine in the darkness
Your light will shine in the dark, in the dark
Woah, we are Yours
Your light will shine in the darkness
Your light will shine in the dark, in the dark
Woah, we are Yours It's Your love, Your love
It's Your love, Your love
