

This Summer's Gonna Hurt Like a MotherF****r

Maroon 5

This summer's gonna hurt like a motherfucker

Fucker

This summer's gonna hurt like a motherfucker

Fucker

Her body's hot

Her body's like the summer

I'm in a trance or something

Her mind is not, no

As sharp as all her diamonds

She must be smoking something

I see her dancing in the streets

Sipping champagne on the beach

So expensive when she eats

Cause she's so fancy

I see her when I go to sleep

I check my phone when I am weak

She never posts anything deep

Cause she's so fancy

She wants it all

She's always taking something

And now I'm left with nothing

I'm ripping off, oh

I'm ripping off that bandage

Because I just can't stand it

I see her dancing on a fool

Like she's seventeen and cool

She really thinks that she can move

But it's just nasty

I see her when I go to sleep

I check my phone when I am weak

She never posts anything deep

Cause she's so fancy

Has to have it all

Chases every star

She's so popular

(Whoo!)
Has to have it all
Chases every star
She's so popular
(Ohh)

This summer's gonna hurt
It's gonna hurt

I see her dancing in the street
Sipping champagne on the beach
So expensive when she eats
Cause she's so fancy
Cause she's so fancy

This summer's gonna hurt like a motherfucker
