Let Go

Xander and the Peace Pirates

I was so lost, I could never be found,
It's been a long time, since a good thing came around,
I heard an angel sing, a sweet voice in my head
She said to let go, you gotta let go when you're dead

Making your way back home, is gonna take such a very long time,
If you don't let go,
Losing your way, seemed to be the way to die to spend your time there
So just let go,

Life can be hard, we all know this to be true,
Bring a deep fear and now you find everything is new
So listen to your soul, sweet voice inside
Just let go, you gotta let go when you die

Making your way back home, is gonna take such a very long time,
If you don't let go,
Losing your way, seemed to be the way to die to spend your time there
So just let go,

Let go, let go, let go, let go,
Let go, let go, let go, let go,
Let go, let go, let go, let go,
Let go, let go, let go, let go,

Let go, let go, let go, let go,
Let go, let go, let go, let go,
Let go, let go, let go, let go,
Let go, let go, let go, let go.
