

# The Shower Scene

## Brand New

It's funny how your  
Worst enemies always seem to  
Turn out to be all of your  
Best friend's best friends  
But I folded I told  
These aren't things  
I've saved to sing you  
But I folded I told  
So draw or throw and I will explode

It's time for you to choose  
The bullet or the chapstick  
Or you are far too cute  
Or whatever he said

Every time I hear it  
I am wishing I was great  
I wished her  
Past tense my best friend  
But then I folded and I told  
These aren't things I say to save me  
But I folded I told  
I hope she's caught in the explosion

It's time for you to choose  
The bullet or the chapstick  
Or you are far too cute  
Or whatever he said

It's time for you to choose  
The bullet or the chapstick  
This is me in his room

Red  
Gold  
I told  
We don't play fair  
Red  
Gold  
I told

We never stand too close

So I update this almost every single day for you  
I begin to hate you for your face and not just the things you go  
So go tell him why my wrist is sore  
From pulling out your insides all night  
Nothing that you do is new to anything or anyone but you
