# Moooody

## Piqued Jacks

I thought your foot was moving
Could not resist this grooving
If you wanna be alone get out
Otherwise grace me with a dance nowI really don't know how to behave
Friends are where you hesitate
Perhaps have a go at what comes next
Or maybe not, so you won't be madPlease tell me what you are sure of
In my modest opinion, of nothing at all
This keeps me thinking just to forget
But I'm not even fairly good at that
Moody habits are kinda shaping you
Making you change your point of view
Moody habits will penetrate you
Shocking your brain matter very soonI'm not as skeptical as I'm low
I must admit my temper's rancorous
But come on wise up, say a damn vowel
By far this condition exceeds my powersMoody habits are kinda shaping you
Making you change your point of view
Moody habits are gonna drown you
If they drag you down into the blue
Moody habits are kinda shaping you
Making you change your point of view
Moody habits are why I can't decipher you
Moody habits are why I'm failing with youOtherwise grace me with a dance now
