

Tell Me What He Said

Helen Shapiro

I've lost him but I don't know how
He's going with another now
He'll be at the party on Friday night
I'd go there myself, but it wouldn't be right
But if you see him there
Please tell him that I care and that I want him back again
Tell him that and then
Tell me what he said
Just take him to a side
Tell him how much I cried and I'm begging on my knees
Tell him that and please tell me what he said
If I hurt him I'm sorry
Please tell him that I love him
No matter what the trouble may be
We can talk it over
I've never been so blue
I'll wait right here for you
But then I know I'd like to try
If I should ever die
Tell me what he said
I've lost him but I don't know how
He's going with another now
But if you see him there
Please tell him that I care and that I want him back again
Tell him that and then
Tell me what he said
Just take him to a side
Tell him how much I cried and that I'm beggin' on my knees
Tell him that and please tell me what he said
If I hurt him I'm sorry
Please tell him that I love him
No matter what the trouble may be
We can talk it over
I've never been so blue
I'll wait right here for you
Then I know it might surprise
If I should ever die
Tell me what he said
Tell me what he said
Tell me what he said
