Say This Sooner

The Almost

I can't believe I didn't say this sooner
I'll just believe that I was all displaced
I'll get to speaking, let you know how I feel
I'll get to judging, make you see my appealNo one will ever see things the way I do
No one will try
All my friends think that I'm gone
But I swear, I swear I'm not
I swear I'm, I swearThis makes me feel that I'll never be quite normal
This makes me act like I'll never get out alive
I'll get to acting, make you all believe me
I'll get to faking, show you all how to grieveNo one will ever see things the way I do
No one will try
All my friends think that I'm gone
But I swear, I swear I'm not
I swear I'm notIn and out is where it gets back to the place it does
Makes me feel like I just want to feel, just like its sonNo one will ever see things the way I do
No one will try
All your friends say that you're gone
But you swear, I swear I'm notNo one will ever see things the way I do
No one will try
All my friends think that I'm gone
But I swear, I swear I'm not
I swear I'm not
