

Round and Round

Imagine Dragons

We are all living the same way, the same way
We are escaping the same way, the same way

Circling

We are all part of the same play, the same play
We think we're making our own way, our own way

Circling

You dont have to hold your head up high
Round and round

I wont run away this time

Till you show me what this life is for
Round and round

Im not gonna let you change my mind
Till you show me what this life is for
We are afflicted by fiction, by fiction
Building a case for eviction, for eviction

Circling

Guarding a tower of ancients, of ancients
Shooting down arrows of patience, of patience

And patiently circling

You dont have to hold your head up
Round and round

I wont run away this time

Till you show me what this life is for
Round and round

Im not gonna let you change my mind
Till you show me what this life is for

All the emptiness inside you

Is hard enough to fill

Without a sense of purpose

Were setting up to fail

You dont have to make it right

Just hold your head up

Round and round

I wont run away this time

Till you show me what this life is for
Round and round

Im not gonna let you change my mind
Till you show me what this life is for
