

# Better off Dead

## Anathema

I'm sorry about the sun  
How could I know that you would burn?  
And I'm sorry about the moon  
How could I know that you'd disapproved I'll never make the same mistake  
So next time I create the universe  
I'll make sure we communicate at length, oh yeah But until then it's better off dead  
A smile on the lips and a hole in the head  
Better off dead, it's better than this  
Take it away 'cuz there's nothing to miss I'm sorry about the world  
How could I know you'd take it so bad?  
And I'll never make the same mistake So if you are looking for a fantasy  
Why not trying the entire human race?  
Just to play it safe Until then better off dead  
A smile on the lips and a hole in the head  
Better off dead, better than this  
Take it away 'cuz there's nothing to miss Better off dead, better off dead  
Why don't you try pushing daisies instead?  
Better off dead, better off dead  
A smile on the lips and a hole in the head And I'll never make the same mistake  
The next time I create the universe  
I'll make sure you participate, oh yeah Yeah and I'll never make the same mistake  
The next time I create the universe  
I'll make sure we communicate at length, just in case
