

# Always Restrictions

## Discharge

Twisted words what do I get?  
The end of another gun butt  
Thatcher, you're so full of crap  
Smash to fuck the fuckin' system  
They're always there with restrictions  
Always there to put you down  
Anarchy's your solution now  
Smash to fuck the fuckin' system  
Twisted words what do I get?  
The end of another gun butt  
Thatcher, you're so full of crap  
Smash to fuck the fuckin' system  
They're always there with restrictions  
Always there to put you down  
Anarchy's your solution now  
Smash to fuck the fuckin' system
