

Broken Girl

New Medicine

I wish I didn't know you, I wish I didn't care
I shoulda known that we were never going anywhere
I shoulda lied a little, I shoulda cheated too
I guess you only love someone who hurts you, I know you
You're always calling me at 3:00 A.M. drunk and lonely, here we go again

-Chorus-

Hey you're begging me to stay
and know just what to say

I gotta get away, you're just a broken girl
Oh your body's saying go, you're naked on the floor
Don't love me anymore, you're just a broken girl-

I wish that I could fix you, I know I never could
maybe you're just afraid of anything that's any good
you say you think about me, but you see other guys
sometimes I guess I feel like loving you is suicide
still there's somethin' I just can't resist

I guess that's how it always comes to this.-chorus 2x-
