Housewife

Billy Morrison

oh ...

you've had enough - you can't go on
everything seems to be going wrong
you're getting desperate
clutching at straws
boredom is addicted with velvet chores

you're such a housewife

the kid's are at school,
you're watching television
you tried it all, including religion
there's a man at the door and he's looking for unpaid bills
you're searching in the bathroom for unused pills

you're such a housewife
you're such a housewife

oh no ...

you've had enough, you can't go on
this is - taking too long
you've tried it all - heaven knows
now you're lying in the bathroom - overdosed

you're such a housewife
