

# Forgive Me

## Cowboy Junkies

Yeah, they tell me God forgives you for almost anything you do

Yeah, they tell me God forgives you for almost anything you do

Well, if that's the case, that's the case

I think I'm going to shoot that man, yeah, then fallin' on my knees  
Well, this morning, God knows, that man he comes waltzing in

Yeah, he comes just waltzing in

So, I got my shotgun, I broke down, I started to mow my baby down, yeah  
Yeah, they tell me God forgives you for almost anything you do

If that's the case now, people

I'm gonna mow my baby down, I'm gonna mow my baby down

I'm gonna shoot that man, yeah, I'm gonna shoot that man  
You don't put yourself out, you don't put yourself out

You don't treat your baby right

No, no, no, no, you don't treat your baby right

But darling, there come a time you're gonna need my love again

Yeah, they tell me God forgives you for almost anything you do  
You don't seem to understand that I've got your life right in my hands  
Yeah, they tell me God forgives you for almost anything you do

Yeah, anything you do
