Strange Weather

Glenn Frey

Here we are on a summer night, staring at the sea
Tell me, is there something wrong? You know, you can talk to me
I can hear it in your voice, I can see it in your eyes
There's a stillness in the air that makes me wanna cryStrange weather, dark clouds in the sky
Strange weather for you and IWe've been through so much together but nothing quite like this
Something's come between us now, I can feel it in your kiss
So tell me girl what's in your heart, just put your hand in mine
I feel the storm is coming soon and we're running out of timeStrange weather, somehow we'll survive
Strange weather, we'll keep our love alive
Strange weather, dark clouds in the sky
Strange weather for you and ISo think it over one last time, don't say this is the end
'Cause I remember how it used to be and it could be that way againStrange weather, somehow we'll survive
Strange weather, we'll keep our love alive
Strange weather, dark clouds in the sky
Strange weather, for you and I
