Intro]

Ahh baby yeah baby yeah yeah yeah

Oow oow oow Its a been long time since I saw you and I'm going out of my mind

don't think I can live another minute without you by my side

[Oh you're presence makes me weak and turn cold in my arms] I need you now I need you here

I need you now this day around me and chase away my fears

I want it now I want it here

'Cause If I'm to live without it I've been living in tears [Chorus]

Call me, when you're home and all alone gurl,

Call me, any minute any hour

Call me; you can reach me on the cellular

Call me; you can beep me on the beeper Donovan I'll be waiting ooooh yeah yeah baby It's a been long time I've been suffering and I just can't take no more

I need you know this day around me and chase away my fears

I want it now, I want it here

Cause If I'm to live without it I've been living in tears [Chorus]
