

# Simple Things

Amy Grant

Wake up baby, look around  
Birds sing, ooh, that sound  
Reminds me of a line  
From Unchained Melody  
Feel like I'm a little girl  
Best thing in the whole wide world  
Is I can see the makings of  
A memory  
I remember how it used to be  
Well, I'm still dreaming  
'Cuz I dream of simple things I can believe in  
Like the feeling this day brings  
So true love and the miracle of forgiving  
I believe in simple things  
Ain't nothing like a sunny day  
Chit-chat at a street cafe  
Just paint the picture, baby  
Where you wanna be  
Take a walk, take a ride  
So far, you and I  
Don't need a plan but we can  
Share this revelry  
I remember how I used to want it all  
Funny now the big things seem so small  
I dream of simple things I can believe in  
Like the feeling this day brings  
True love and the miracle of forgiving  
I believe in simple things  
Through all the days  
The blues, the grays  
A ray of light keeps shining  
I believe in simple things  
Through all the days  
The blues, the grays  
A ray of light was shining  
I dream of simple things I can believe in  
Like the feeling this day brings  
True love and the miracle of forgiving  
I believe in simple things

I dream of simple things I can believe in  
I believe in simple things  
I dream of simple things I can believe in  
Like the feeling this day brings  
True love and the miracle of forgiving  
I believe in simple things
