Head's Up

Icona Pop

I just wanna run forever
nothings gonna slow me
I don't wanna keep you waitin'
just a heads up so you know
I've been drawing circles
in every city square
and if you ever get to catch me
I won't stay for long
[Chorus]so don't you wait on me
hey, save you love for later
this is overrated
don't pretend it's right
hey, save your love for later
this is overrated
just a heads up
we couldn't get no higher
your fingertip touched my sky
but I can see your star coming
just a heads up so you know
I'm running out of time
I'm running our of heart

I just don't wanna keep you waiting
so, time to say good-bye
[Chorus]so, don't you wait on me
hey, save you love for later
this is overrated
don't pretend it's right
hey, save your love for later
this is overrated
just a heads up
there's no need
to stick around
go change your plans
so wont you give me up and let go
I wont be, be around
just a heads up so you know
[Chorus]don't you wait on me
hey, save you love for later

this is overrated
don't pretend it's right
hey, save your love for later
this is overrated
just a heads up
