

# Bodom After Midnight

## Children of Bodom

(Hang on)  
Got to go  
Preview what they oughta know  
Keep your head down and fucking die(Wake up)  
Rise and shine  
Gotta take another pint  
Dig your heads and watch out for the nightWhen the sun comes down  
And the moon comes up in the sky  
The battle of the day and the night  
Kill(Kill, kill, kill)  
Go fuck another one  
Candlelight burns in a wood so highOn a carpet  
(Flying high)  
Take it down to the other side  
The way beyond it may lieWhen the moon comes up  
And is rescuing under the night  
The reaper is on the other side, let's goBodom after midnight  
Bodom after midnight, yeaBodom after midnight  
Bodom after midnight, yeaKillBodom after midnight  
Bodom after midnight, yeaBodom after midnight  
Bodom after midnight, yea
