Killed By An Angel

Sunny Day Real Estate

welcome to the lonesome world of abel
where every brother's knife is set to slay you
and paranoia keeps you healthy
crooked deals can keep you wealthy
serum vials to help you when you're sad
every other face is bent and broken
wrap your teeth around the only game in town
made your clothes from insulation
break your day for pay and ration
hide
hide
hide...killed by an angel
lost inside amazing colors
it's never how you feel
it comes in a bottle
let's say you found a gun;
how would your bad side burn?
it's never how you feel
it comes in a bottlerelax and all these whores will lick the membrane
just a touch, a stain, a hole in your brain
it's cold when you remove the nails
beg for more when all else fails
serum vials to help you when you're sadkilled by an angel
lost inside amazing colors
it's never how you feel
it comes in a bottle
let's say you found a gun;
how would your bad side burn?
it's never how you feel
it comes in a bottlethe way the sea reflects the sun
long gone
and all the miracles of love
long gone
you hold your heart out in your hand
one last long sigh gone
one last long sigh gone...when you see the sores you can't believe them
pathogenic lovers in a basement cell
dirty white sheets cut up in strips
cracks in the mirror and your mind slips

serum vials to help you when you're sadkilled by an angel
lost inside amazing colors
it's never how you feel
it comes in a bottle
let's say you found a gun;
how would your bad side burn?
it's never how you feel
it comes in a bottlekilled by an angel
killed by an angel...
