The Panic

Strata

Hold me until my head is clear again.
Cross off the names
Of all who died here,
And I'll become the sacred faith you lost.
I'm thinking...
Every second changes everything
In my life.
Every second changes everything -
The panic will see me through.
Naked, exposed our only fears tonight.
Scratches, vomit, I'm sleeping here again,
And I will
Wake up with a purpose,
I will be free -
I'm thinking...
Every second changes everything in my life
Every second changes everything -
The panic will see me through.
I think of everything you said,
You made me hate myself again.
Then you say you're sorry...
I can't take this anymore.
You were wrong
And I was right by your side...
Every second changes everything
In my life...
Every second changes everything -
The panic will see me through.
Every second changes everything
In my life.
