Sleeping With A Friend

Neon Trees

All my friends, they're different people
Anxious like the ocean in a storm
When we go out, yeah, we're electric
Coursing through our bodies 'til we're oneAnd why mess up a good thing, baby?
It's a risk to even fall in love
So, when you give that look to me
I better look back carefully
'Cause this is trouble, yeah this is troubleI said ooh, ooh
You got me in the mood, mood
I'm scared
But if my heart's gonna break before the night will end
I said, ooh, ooh we're in danger
Sleeping with a friend, sleeping with a friendAll my friends, stay up past midnight
Looking for the thing to fill the void
I don't go out much like I used to
Something 'bout the strangers and the noiseAnd why leave when I got you, baby?
It's a risk but babe, I need the thrill
I never said you'd be easy
But if it was all up to me
I'd be no trouble, hey, we're in troubleI said ooh, ooh
You got me in the mood, mood
I'm scared
But if my heart's gonna break before the night will end
I said, ooh, ooh we're in danger
Sleeping with a friend, sleeping with a friendWe are both young, hot-blooded people
We don't wanna die alone
Two become one, it could be lethal
Sleeping with a friendAll my friends
All my friends
All my friends
All my friendsI said ooh, ooh
You got me in the mood, mood
I'm scared
But if my heart's gonna break before the night will end
I said, ooh, ooh we're in danger
Sleeping with a friend(All my friends) Sleeping with a friend
(All my friends)
If my heart's gonna break before the night will end
I said, ooh, ooh we're in danger
