

We

Rae Sremmurd

Advisory - the following lyrics contain explicit language:

(Intro: Swae Lee)

Yeah

Word

Yeah(Hook: Swae Lee)

You grab the Ciroc, you grab the Henny

We just walked in the building

You grab the Ace, you grab the Remy

We just fucked up the party

(Both:)

We brought hoes to the party

We fu*kbad bitches only

We brought drugs to the party

We just fucked up the party(Verse 1: Swae Lee)

She had the nerve to tell me spill the beeeaanns

So she could grab one or two

I'm a money making machiiinnne

Simon says get your shit together

Do I got girls in here for me? Yessir!

Is the set in here for me? Yessir!

Ole Giuseppe stepping motherfucker

Two girls in wonderland,blowing smoke on one another

And they talking brand spanking new

Boy I got the sauce, fu*kkyo juice (woo woo)

We killed that swag shit in '93

Now we got yo whole set body rocking(Hook)

You grab the Ciroc, you grab the Henny

We just walked in the building

You grab the Ace, you grab the Remy

We just fucked up the party

(Both:)

We brought hoes to the party

We fu*kbad bitches only

We brought drugs to the party
We just fucked up the party(Verse 2: Slim Jimmy)
Look who showed up to crash the party
Too many cars for valet parking
Twenty cars deep, we at the party
Bad bitches only, no local thotties
We like the girls who go to college
We let em drink up all the vodka
Popped a bean, she's talking proper
Got so high, I almost lost her
Fell off in the party drunk before it even started
This the life we chose, drugs, money, models, bottles
Woo! I'm that Remy drinking motherfucker
Pop the cork and let it bubble, let me fill yo cup up
Girls kissing girls, and they kissing Jimmy
You not in my section, can you mind your fucking business
Who gon be my driver when I hit the freeway?
I grab the styrofoam and mix it like a DJ(Chorus)
You grab the Ciroc, you grab the Henny
We just walked in the building
You grab the Ace, you grab the Remy
We just fucked up the party
(Both:)
We brought hoes to the party
We fu*kbad bitches only
We brought drugs to the party
We just fucked up the party
