Slide through in them matching Benz's
Them old white things
They gon' hate
But what the fuck they gon' say
ZooVierYou are so damn fine
I'm so damn glad you're mine
And you stay on my mind
I think about you all the damn timeYou are so damn fine
I'm so damn glad you're mine
And you stay on my mind
I think about you all the damn timeI got some problems and I think that you could help me
It's been a while since a nigga had some action
Hop up out your boat, just let me be the captain
I just have a question, listen to what I'm asking
Baby let me take you out, would you like it if I kissed you now?
Ain't tryna force you so let me know if it's worth it
I'mma take you down, soon get me a room
She can feel me when I penetrate
Aye you are now tuned, this is Fetty's station
Aye, give it to me now, I'm so tired of waiting
I been hella patient, losing all my patience
Aye, give it to me now, I'm so tired of waitingAnd you are so damn fine
Let her slowly hit it once then rewind
And you are so damn fine
Let her slowly hit it once then rewindYou are so damn fine
I'm so damn glad you're mine
And you stay on my mind
I think about you all the damn time
You are so damn fine
I'm so damn glad you're mine
And you stay on my mind
I think about you all the damn timeOkay she bad and she know it

And she don't ever ask for bread
And she know I'ma throw it
Ain't gotta ask her if its wet
'Cause I know its the ocean
And right after we sex
I don't leave I just hold her
I don't leave I just hold her
I treat my girl like the Queen
She gets whatever she needs
And when I tell her I'm hungry
She says "Boy get on your knees"
Go to work, girl I feast
Take me away from the streets
'Cause she got just what I need
She my drug, I'm a fiend, yeah
I even see her up in my dreams, yeah
Counting money while you rolling my weed
And all I ask of her, loyalty, yeah
And she can get whatever she want from me, yeah You are so damn fine
I'm so damn glad you're mine
And you stay on my mind
I think about you all the damn time
And you are so damn fine
I'm so damn glad you're mine
And you stay on my mind
I think about you all the damn time You are so damn fine
I'm so damn glad you're mine
And you stay on my mind
I think about you all the damn time
