

# Spaghetti Motel

[Nofx](#)

Welcome to the spaghetti motel  
where it's ok to be a loser  
as long as you're doing it well  
you're welcome at the spaghetti motel  
Lucas is his name  
his photographs will bring him fame  
you wont see his face in a movie scene  
you can't see his eye's they've never been seen  
he's the perfect host he's always ready  
he manages motel spaghetti  
Welcome to the spaghetti motel  
where it's ok to be a loser  
as long as you're doing it well

you're welcome at the spaghetti motel  
Lucas is his name  
painting walls won't bring him fame  
but you know you'll never hear him say  
there's no more room so go away  
The perfect host he's always ready  
he manages motel spaghetti  
Welcome to the spaghetti motel  
where it's ok to be a loser  
as long as you're doing it well  
you're welcome at the spaghetti motel
