

Take Your Time (Interlude)

Faith Evans

I know what you want
And I know what you need
I promise I'm gone give it to you baby
Just wait and see
Can't do light
Just to set the scene
Baby we've got all night
The mood is right
I'm yours
So come on baby yeah
I've been waiting all day
Just thinking about the way you'll touch me
And now that you're here
I ain't never letting go babe
Want to hold you close babyTake your time
Don't you rush a thing
We got all night
To make it right
Come on babe
Come on babeTake your time
Don't you rush a thing
We got all night
To make it right
Come on babe
Come on babeBaby just take your time
Don't you rush a thing
Cause we all night to make it right yeahh
