Grinding

N*E*R*D

Take it off, come get it off
slide down slow, push it up against the wall
All fours, walking like a dog
Dirty, dirty, I came to come hard
All for me and my swag off the charts
i'll flick your switch, you're scared of the dark
If you score, gotta hit out of the park
Baby, come and get it, here we are
Don't you wanna ride with it, ride with it
Baby girl she ain't right with it, right with it
Whatcha say? I'm grinding (Back it up, back it up)
I'm grinding (Back it up, back it up)
Don't you wanna ride with it, ride with it
Baby girl she ain't right with it, right with it
(Hollaback girl) Grinding (Back it up, back it up)
I'm grinding (Back it up, back it up)
let it in, bring it down, slide it up, pull it out
You gotta shake it, move it, twist it, push it, pop it to the grind
You gotta shake it, move it, twist it, push it, pop it to the grind
Swinging low, rev like go
Hold tight and ride the rodeo
Watching me, on the wall on the door
Break yourself and give me the, oh
I'm the sheriff can you lay down the law
quick on the job and bang on the floor
Coming for, I like my meat raw
Baby, come and get it, here we are
Don't you wanna ride with it, ride with it

Baby girl she ain't right with it, right with it
Whatcha say? I'm grinding (Back it up, back it up)
I'm grinding (Back it up, back it up)
Don't you wanna ride with it, ride with it
Baby girl she ain't right with it, right with it
(Hollaback girl) Grinding (Back it up, back it up)
I'm grinding (Back it up, back it up)
(2x) let it in, bring it down, slide it up, pull it out
You gotta shake it, move it, twist it, push it, pop it to the grind
You gotta shake it, move it, twist it, push it, pop it to the grind

I come down like sweat, stain on your mind
how i get it so wet, I be, I be grinding, lock it down check
Gotta em on rock, rock like a new jet
Baby girl I got 'em got berserk, put it in that wi-zerk
Sweet tooth melt in your mouth like dessert
My lips juicy, you gon' want a kisser
And if i let it you cut like scissor
Don't you wanna ride with it, ride with it
Baby girl she ain't right with it, right with it
Whatcha say? I'm grinding (Back it up, back it up)
I'm grinding (Back it up, back it up)
Don't you wanna ride with it, ride with it
Baby girl she ain't right with it, right with it
(Hollaback girl) Grinding (Back it up, back it up)
I'm grinding (Back it up, back it up)
(2x) let it in, bring it down, slide it up, pull it out
You gotta shake it, move it, twist it, push it, pop it to the grind
You gotta shake it, move it, twist it, push it, pop it to the grind
