

First Light

P.J. Pacifico

First light sounds like a pretty time to leave
"It seems like you're in a zone", you say to me
"Be sure to set your internal alarm clock, please"
 You text me
Two stars shine in my overhead tonight
One's a wish and the other left in flight
 So hold on tightMeet me here
 And stay the night
 My door is wide open
 Climb in, it's alright
 Open eyes and abandon
In our first lightLullaby's are all we really need
 We couldn't have been this close
 If you didn't leave
 I'm so glad you came back to me
 Look at me looking back at you too
 If we don't love what are we gonna do?
 It's all gonna happen...hold on
