

Mind Control

Stephen Marley

Yeah, yeah, yeah, now tell you what It's mind control, mind control
Corruption of your thoughts, yeah
Destruction of your soul Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul Don't let them mold your mind
They wanna control mankind
Seems like their only intention
Is to exploit the earth, yeah And you trust in their deceit
Your mind causes your defeat
And so you become an invention
To distort this earth Propaganda and lies
Is a plague in our lives
How much more victimized
Before we realize? Hey It's mind control, mind control
Corruption of your thoughts, yeah
Destruction of your soul Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul Ooh, Grandmaster
Let the people go
You put them in total confusion
To down-troy their soul For they practice what You preach
So they're always in Your reach
Hi-tech slavery in these days
It's mind control They'll make it attractive to get man distracted
Corrupting your soul, polluting your soul
Destroying your soul, mind control Mind control
Corruption of your thoughts, yeah
Destruction of your soul Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul Yeah, yeah, yeah
Come on and get it together, brother man
What, what you say? It's mind control, mind control
Corruption of your thoughts
Yeah, yeah, destruction of your soul Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul (The truth is there for us to see)
It's mind control
Corruption of your thoughts, yeah
Destruction of your soul (The truth is there for us to see)

It's mind control
Corruption of your thoughts, yeah
Destruction of your soul
(The truth is there for us to see, the truth is there for us to see)
