

Down

SafetySuit

I sat by the phone today
Waiting for you to call, so I
Could pick it up and say hello to you
And you would say hello to me
(Just like my dreams)dlIs there a reason why youre gone?
I didnt mean to be so wrong
And I tried so hard to be the best that I could be
But still it seems I always end up aloneIs there something inside me that I dont see?
Is there something wrong here with the way I love?Down, you cant hold me down
Cause when no one is around
I won't be standing here
Just waiting for you to come back home againDown, you cant hold me down
Because I finally understand
That what you did is not so bad
In fact its better for meDid I not give you enough room
Was I overtaking you
And did my love for you just blind me from
What I was doing wrong?
(I never meant you harm)Or was I not good enough for you
Is that the reason why were through
Was I not half the man you thought that I would be
But now you see?
Is that why you leave me?
Is that why you leave me?Is there something inside me that I dont see?
Is there something wrong here with the way I love?Down, you cant hold me down
Cause when no one is around
I won't be standing here
Just waiting for you to come back home againDown, you cant hold me down
Because I finally understand
That what you did is not so bad
In fact its better for meAnd Lord knows I try
To bring back my dreams
Cause I held onto yours for so long
That I couldnt hold my ownDown, you cant hold me down
Cause when no one is around
I won't be standing here
Waiting for you to come back home to meDown, you cant hold me down
Because I finally understand
That what you did is not so bad

In fact its better for me
Down, down, you cant hold me down again
You cant hold me down
Down, you cant hold me down again
