

Eddie, Bruce And Paul

Nofx

What happened to Bruce, Eddie, and Paul?
Paul and Eddie had it good
But Paul loved his cocaine and Eddie hated punks
So after a couple years
Eddie broke it off with Paul to look for a new man
Paul got fucked, fucked by Steve
Eddie's at the Red Lion looking for a new steed
Searching for a beau who sings in falsetto

What happened to Bruce, Eddie, and Paul?
What happened to Eddie, Paul, and Bruce?
Bruce and Samson knew
Eddie was looking for a long term, stable relationship
With Paul no longer around,
Bruce left Samson for Eddie cuz Steve convinced him to
Kudos to Paul, fuck you Bruce
How you supposed to rock 'n' roll without substance abuse
Number of the Beast is in bed with Rob and Judas Priest
