

So Soldier (feat. Ainslie Wills)

#1 Dads

Sooo
You've been hiding
You've been hiding that secret under your shirt collar
You can't breathe easy
Sooo
If he finds it
That you're hiding that secret under your shirt collar
You can't breathe easy
What do I do to find
What do I do to show you
Forever leaves behind
Forever is not knowing
Fear is a feeling of mine
Everybody's doing their time
Shadows creeping up from behind
Calling out your name
Sooo, soldier
You've been hiding that secret under your shirt collar
You both breathe easy
Sooo, I find you out
Feel the clouds calling you mine
Fear is a feeling of mine
Everybody's doing their time
Shadows creeping up from behind
Calling out your name
Let the words fall
Been ahead for too long
Let his words fall
Know his been keeping inside for so long
Let the words fall
Been ahead for too long (find you out)
Let his words fall (feel the clouds calling you)
What do I do to find
What do I do to show you
Forever leaves behind
Forever is not knowing
What do I do to find
What do I do to show you
Forever leaves behind
Forever is not knowing
