Remember the Day

Spoken

(Verse)
Your heart whispers goodbye now
It's time to face the truth
Your secrets aren't safe anymoreAll of the memories
All of the time
You've wasted but you just keep begging for more(Pre-Chorus)
Tell me what can I do
To make you see
You speaking lies
With this wreck that you breathe
Tell me what can I say
To show you love
And life is a treasure
I get from above oh(Chorus)
Will you look at what your life
And see everything you learned to love
Will you remember the day
You gave your life away(Verse)
The times where you give anything
All that you had was your pride
All of the memories, all of the time
Stop for a moment and take back your life(Pre-Chorus)
Tell me what can I do
To make you see
You speaking lies
With this wreck that you breathe
Tell me what can I say
To show you love
And life is a treasure
I get from above oh(Chorus)
Will you look at what your life
And see everything you learned to love
Will you remember the day
You gave your life away(Pre-Chorus)
Tell me what can I do
To make you see
You speaking lies
With this wreck that you breathe
Tell me what can I say

To show you love
And life is a treasure
I get from above oh(Chorus) x2
Will you look at what your life
And see everything you learned to love
Will you remember the day
You gave your life away
