

Find My Way Back Home

[Priscilla Ahn](#)

Don't you go,
Away, I know,
Without your love,
I'll never find my way back home 'Cause you and me,
So happily,
Make all our dreams of make believe reality La la la La la la La la la la Troubles, never find us there
Oh, bubbles, float through the air,
Float through the air
Float through the air air air air La la la La la la La la la la So don't you go,
Away, I know,
Without your love,
I'll never find my way back home,
I'll never find my way back home,
No, no,
I'll never find my way back home,
No, no,
I'll never find my way back home.
