

# All These Boys

## Jasmine V

Yea he says he loves me but then he don't  
Always talkin bout what he gon do  
But then he won't  
This one tellin me he to busy to take me out  
Can somebody come and tell me what's that all about?  
This one says he likes me  
How I know?  
Cause I'm the screen saver on his phone  
Ain't no other like me  
Already know  
Bet they never met a girl like me beforeAll of these boys  
Got 'em standing in a line  
So many boys keep on begging for my time  
All of these boys I just can't make up my mind  
Everywhere I go somebody's trynna be my boyfriend  
All of these boys gotta em standing in a line  
So many boys keep on begging for my time  
All of these boys  
I just can't make up my mind  
Show me what u talking bout  
Maybe we can walk it outGot so many choices  
Who's it gonna be?  
Who can handle being with a heavy hitter like me  
I go go  
And if you up for the challenge let me know know  
I want the best for my team  
Calling all fellas  
Who can do it better?  
Who can go hard till the end and never let up?  
Who can show me that they really down for me?  
Lace they boots up and knock em out in the ringAll of these boys I just can't make up my mind  
Everywhere I go somebody's trynna be my boyfriend  
All of these boys gotta em standing in a line  
So many boys keep on begging for my time  
All of these boys  
I just can't make up my mind  
Show me what u talking bout  
Maybe we can walk it outI got em all in a row  
All the boys wanna know

Turn your swagger up  
If u wanna be my boyfriend  
You can wait your whole life for a girl like me  
Or you can have me now if u give me what I need (x2)Calling all Fellas !  
Who can do it Better? (x3)  
Who Can go hard till the end and never let up?  
Who can show that, they are really down for me?  
Lace they boots up and knock em out in the ringAll of these boys I just can't make up my mind  
Everywhere I go somebody's trynna be my boyfriend  
All of these boys gotta em standing in a line  
So many boys keep on begging for my time  
All of these boys  
I just can't make up my mind  
Show me what u talking bout  
Maybe we can walk it out
