

Hanging by a Thread (feat. Natalie Foster)

Elk Road

[Verse 1:]

I see it in your eyes
Yeah you make me feel uncomfortable
I know, I know I turn to mud
Yeah you lead me to the edge again[Chorus:]
There you go taking all I follow
Got me hanging by a thread again
Talking all I follow
Got me hanging by a thread again

[Interlude:]

Got me hanging by a thread again[Verse 2:]

I see it in your eyes
Yeah you make me feel uncomfortable
I know, I know I turn to mud
Yeah you lead me to the edge again[Chorus:]
There you go taking all I follow
Got me hanging by a thread again
Talking all I follow
Got me hanging by a thread againDid you feel it coming?

Did you feel it all?

Cause I don't know where we went wrong

Can you do me a solid?

Don't drag me down

Cause I'm hanging by a thread again[Refrain:]

Did you feel it coming?

Did you feel it all?

Cause I don't know where we went wrong

Can you do me a solid?

Don't drag me down again[Chorus:]

There you go taking all I follow

Got me hanging by a thread again

Talking all I follow

Got me hanging by a thread again[Interlude:]

I know

Got me hanging by a thread again

I know

I know[Chorus:]

There you go taking all I follow

Got me hanging by a thread again

Talking all I follow
Got me hanging by a thread again
