

Say My Name

Codie Prevost

You got the mood for a backup dancer
You got a way to make time stand still
You got my heart in the palm of your hands girl
You got to know you always will When you kiss me on the lips
Baby, that's good as it gets
Keeps me comin' back for more
Like the ocean to the shore
Just a whisper in my ear
All my worries disappear
You take my breath away every time you
Say my name, whoa (3~) You and me and the fireflies dancing
Searching for each other in the dark
We let the night sky be our sickest dream
There's no denying you're a superstar When you kiss me on the lips
Baby, that's good as it gets
Keeps me comin' back for more
Like the ocean to the shore
Just a whisper in my ear
All my worries disappear
You take my breath away every time you
Say my name, whoa (3~) Tonight's all we got (I want to taste every last drop)
Please don't ever stop (Don't ever stop) When you kiss me on the lips
Baby, that's good as it gets
Keeps me comin' back
Keep me comin' back
Just a whisper in my ear
All my worries disappear
You take my breath away every time you
Say my name, whoa (3~)
