You Never Called Me Tonight

[Beth Rowley](#)

You said youd call me tonight
You said youd call me tonight
So I stay at home, waiting by the phone
But you never called me tonightTherere so many thing I shouldve done
I had to cancel everyone
Its what I had to do so I could talk to you
But you never called me tonightLife is beautiful when Im with you
But now you stop to call in
And I dont know what to doIm at the end of the line
I thought we were fine
I dont get it (get it, ooh)
Youd better pick up the phone
Tell me Im not alone
Ooh youll regret it yeah (regret it, regret it)
You said that you would
But you never called me tonight
(You never called me tonight)You dont know what I had to say
I never give them much away
And now youll never know
Why I had to go
Cause you never called me tonightLife is beautiful when Im with you
But now you stop to call in
And I dont know what to doIm at the end of the line
I thought we were fine
I dont get it (get it, ooh)
Youd better pick up the phone
Tell me Im not alone
Ooh youll regret it yeah (regret it, regret it)
You said that you would
But you never called me tonightI get so excited whenever youre around
I could never hide the love that Ive found
Life is beautiful when Im with you
And now you stop to call in
And I dont know what to doIm at the end of the line
I thought we were fine
I dont get it (get it, ooh)
Youd better pick up the phone
Tell me Im not alone
Ooh youll regret it yeah (regret it, regret it)

You said that you would
But you never called me, yeah(Im at the end of the line
I thought we were fine)
And I dont get it (get it, ooh)
Youd better pick up the phone
Tell me Im not alone
Ooh youll regret it yeah (regret it, regret it)
You said that you would
But you never called me tonight
(You never called me tonight)You never called me tonight
(You never called me tonight)
You never called me tonight
