

Transcending (Into the Exquisite)

My Dying Bride

If I live you will be sorry
I have a thousand forms
If I live you will be sorry
Uninjured by your tongue If I live you will be sorry
I have a thousand forms
If I live you will be sorry
Uninjured by your tongue We've lived with our suffering
But now...? If I live you will be sorry
I have a thousand forms
If I live you will be sorry
I'm working to ensnare you My desire
Turn loose the swans If I live you will be sorry
I have a thousand forms
If I live you will be sorry
I'm working to ensnare you
