

# He Did It

## The Ronettes

He, yes he did it  
And he, oh oh he said it  
But he, he'll regret it  
People let me tell you I don't understand his alibi  
I don't understand his reasons why  
I don't understand him right or wrong  
But he, oh he did it and he's gone Oh how he fooled me  
When he used me  
And then he, he accused me  
Let me tell you oh  
I don't understand his alibi  
I don't understand his reasons why  
I don't understand him right or wrong  
But he, oh he did it and he's gone He, oh he shamed me  
He, when he blamed me  
But I, I'm not guilty  
Let me tell you now  
I don't understand his alibi  
I don't understand his reasons why  
I don't understand him right or wrong  
But he, oh he did it and he's gone He, he did it  
He's gone  
He did it now he's gone...
