

Tug of War

[Alesha Dixon](#)

What made you come to prom
You want me then you don't
I can't figure it out
Why can't I let go My mind is torn in two
This love is difficult
I wanna live
But I keep running back to you Don't know if I should stay
Walk away
Or leave you babe
You got me in a daze
Why can't you fade
To a crazy place I wanna run away, fly away, get away
But I still feel you babe
Want you babe
Need you babe Every time we split, tell myself that's it
Giving up, I quit,
And then I love you again
I'm right, you're wrong
And it's all your fault
Here's your ring, I'm gone
I think I love you again Tug of war, can't make my mind up
Tug of war, I'm undecided
Tug of war, my heart can't fight it
I think I love you again
Tug of war, I love you honey
Tug of war, still undecided
Tug of war, this isn't right
Should I stay or should I go I hate your stupid voice
You don't give me no choice
You talking at me and over me
All I hear is yours
But when I'm feelin' down
You always cheer me up
I'm so confused
Am I in or outta luck Don't know if I should stay
Walk away
Or leave you babe
You got me in a daze
Why can't you fade

To a crazy place I wanna run away, fly away, get away
 But I still feel you babe
 Want you babe
 Need you babe Every time we split, tell myself that's it
 Giving up, I quit,
 And then I love you again
 I'm right, you're wrong
 And it's all your fault
 Here's your ring, I'm gone
 I think I love you again Tug of war, can't make my mind up
 Tug of war, I'm undecided
 Tug of war, my heart can't fight it
 I think I love you again
 Tug of war, I love you honey
 Tug of war, still undecided
 Tug of war, this isn't right
 Should I stay or should I go Honey, come on, you keep pulling me close
 I give you what you want,
 What you want the most What ever the weather you thought we would be together
 Now my love for you was stupid like a month old rose
 Hey I'm out that door,
 Do we ever really know really for sure If you decide to be too blind to see,
 You will never find another me
 Me, me, me, me, me, me, me Can't make up my mind now
 I think I love you again Every time we split, tell myself that's it
 Giving up, I quit,
 And then I love you again
 I'm right, you're wrong
 And it's all your fault
 Here's your ring, I'm gone
 I think I love you again Tug of war, can't make my mind up
 Tug of war, I'm undecided
 Tug of war, my heart can't fight it
 I think I love you again
 Tug of war, I love you honey
 Tug of war, still undecided
 Tug of war, this isn't right
 Should I stay or should I go
