

Your Star (Live @ Zeep - Tokyo)

Evanescence

I can't see your star, I can't see your star
Though I patiently waited bedside for the death of today
I can't see your star
The mechanical lights of Lisbon frightened it away And I'm alone now
Me and all I stood for, we're wandering now
All in parts and pieces, swim lonely
Find your own way out I can't see your star, I can't see your star
How can the darkness feel so wrong? And I'm alone now
Me and all I stood for, we're wandering now
All in parts and pieces, swim lonely
Find your own way out So far away
It's growing colder without your love
Why can't you feel me calling your name?
Can't break the silence, it's breaking me All my fears turn to rage And I'm alone now
Me and all I stood for, we're wandering now
All in parts and pieces, swim lonely
Find your own way out now Hey, and nothing worth fighting for
We're wandering now
All in parts and pieces, swim lonely
Find your own way out
