

Queen of Hearts

Soulico

The glimpses I've only seen one time
I can't get this gal out of my mind
Collect my thoughts...
Yah know me have to get a woman like this no matter what the cost

Something me just can't put a finger 'pon
Me say the way the gal enters the room and how she's gone
Makes a definite impression
Watching every move but me can't make the connection

Steps the gal take
Looks at what she get, nothing innocent
Everything correct, all the man a sweat
From she dip it low, Gal dem out a road
Say she favor pro, everybody know, nothing nah go so

Sexy gal just a wind from a side of the place just to get to the next
All of the gentlemen impressed
Enchantress with the exotic vibe no less
for make we feel ever-blessed
Still, if your that type of girl
Who captivate the men, dem, big up your chest

The gentlemen, they all a fight
They wanna dance with the Queen of Hearts tonight
No matter what they say they like
They wanna dance with the queen of hearts tonight
Keep them impressed, Hold dem intrest, expect no less gal

We all a wait, get to the right,
We wanna dance with the queen of hearts tonight

Slow grind, that is what they want
Man a work it long time she say brilliant

Then she make it known she don't want it so...
Let it go, search around the place, look another episode

You out upon the floor and the moves are right
Your body contour make me excite

You know another situation
They all mention how you just capture the crowd's attention

How some gal a flex with the attitude
She get much respect but she never come off so rude
Ain't no surprise, seduction hold men at bay in so many ways
You'd never relize

The gentlemen, They all a fight
They wanna dance with the queen of hearts tonight

Exotic pose, Expensive clothes, Outshine the next gal

We all a wait, Get to the right
We wanna dance with the queen of the queen of the

The gal a work it to Riddim and the groove
She dancing over now, What you gonna do
Me try it play it cool, Got nothing to prove...
don't stand there like a fool

Wave your hand, Wind your waist,
Expression of beauty, the pretty face
Just a dream passing through,
Hypnotize them, you know what to do

I can't be for sure,
but I'm feeling that you work the dance floor
and you're giving them heart attacks
So bring it back from you hear them run the tracks,
Excitement to the max.

The gentlemen, they all a fight
We wanna dance with the queen of hearts tonight

No matter what, they say they like
They wanna dance with the queen of hearts tonight

Subject of dreams
That's what it means
No one can test gal

We all a wait, Get to the right
We wanna dance with the Queen of hearts tonight

We all a wait, get to the right

We wanna dance with the Queen of hearts tonight

We all a wait, Get to the right
They wanna dance with the Queen of hearts tonight
